Course Requirements and Instructional Methods

Lectures based on each lesson. Students will engage in activities related to the lessons – whole group activities, pair work, and individual work.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC (Western Association of Schools and Colleges) has adopted a similar requirement.
It is estimated that each student should invest 10 hours a week on class preparation. Each student is responsible for required readings and written/spoken assignments from each unit in the textbook and workbook. In addition to that, as part of your assignments, you will be required to go to the Language Laboratory once a week for 1 hour (60 minutes) and work on specific assignments. (Student ID card is required to use the Language Lab.) Throughout the semester you will give a variety of speeches: 1) *My Role Model* (March 15, 2017); 2) *Report on an Interview* (April 26, 2017); 3) *My Plans for the Future* (May 31, 2017).

**NOTES:**

1. No makeup tests or oral presentations allowed (including the final exam).
2. Coming to class or leaving earlier will be considered as an absence.
3. You may be dropped after three absences.

**Attendance**

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student’s status will be the same as that of any other student who desires to add a class. It is the student’s responsibility to drop or officially withdraw from the class. See *General Catalog* for details.

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences.
Classroom Etiquette

The teacher expects students will...

- contribute fully in individual and group work;
- speak English only in the classroom;
- be prepared for class by completing all homework assignments;
- ask questions, ask questions, ask questions!

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another’s work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- **Plagiarism** is taking and presenting as one’s own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to “cite a source” correctly, you must ask for help.
- **Cheating** is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
