Course Description

The origin, development and operation of local, state and national political institutions within the United States emphasizing the contemporary operations of the American political system. (C-ID POLS 110) (CSU, UC)

This course is designed to be an introduction to American government, its historical foundations, institutions and political processes. We will examine how our political system was designed, how it has changed over time and how public opinion, the media and the "information age" have affected our government institutions and public policy. You will learn the role and scope of government as the Founders conceived it, and as it is viewed today. Finally, we will examine current policy issues, weigh the costs and benefits of actions and engage in thoughtful discussion of contemporary policies and actions with a view toward how those issues and actions impact the current political scene. To achieve these objectives, I have chosen a textbook that focuses attention on the role of citizens as key actors in the democratic experiment that we call the United States of America.

The goal of this course is to foster informed, responsible participation in public life. Knowing how to be a good citizen is essential to the life of a citizen in the United States political system.

“I know of no safe depository of the ultimate powers of the preservation and improvement of the United States democracy. Upon completion of this course, students will understand the major ideas, protections, privileges, and structures that affect society but the people themselves; and if we think them not enlightened enough to exercise their control with a wholesome discretion, the remedy is not to take it from them, but to inform their discretion.”

~Thomas Jefferson (1820).

QUizzes

Weekly quizzes are worth **10 points**. Weekly quizzes covering your reading material are taken online through Blackboard. The quizzes consist of ten questions and are worth 10 points, any additional questions or points are EXTRA CREDIT. Be sure to submit your quiz before the posted deadline. **No late submissions are accepted.**

**No make up work is allowed.**

Homework/ Participation/ Discussion

Homework will be assigned weekly, it must be turned in either electronically (blackboard) or manually (depending on assignment) no later than the start of class each week. In class discussions will take place in the beginning of class, weekly throughout the semester. These homework assignments/discussions will be worth up to **10 points** combined. Discussions will center on an issues affecting our community and/or local, state or national news. These issues or topics will primarily ask for your opinion and there will probably not be a "right or wrong" answer.

Discussion also means interacting with your fellow students, so it is important that you pay attention. You are encouraged to respond to comments made by other students. Do not be afraid to engage in an argument. Political opinions can be very controversial, since we each have our own values, traditions and beliefs. Just remember that you need to be respectful to all students. We each have the right to our own opinions, even if others don't agree.

Exams

There are three exams throughout the semester, each worth **75 points**. The exams will cover material discussed in class and presented in the readings. **No make-up exams are allowed unless prior approval has been obtained from the instructor.**

Extra Credit

During the semester, various options for extra credit will be made available to students. The maximum number of extra points any one student may earn during the semester is **40 points**

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student’s status will be the same as that of any other student who desires to add a class. It is the student’s responsibility to drop or officially withdraw from the class. See **General Catalog** for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For
online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.

- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences.

Students are expected to attend all class sessions and to arrive to class on time, with all electronic devices turned off and put away. Since participation in classroom work and discussion is an important part of this course, students will have 10 points deducted from their class points for each unexcused absence. Students having three unexcused absences may be dropped from the class. Students who are tardy three times will be considered as having been absent once. Absences attributed to the representation of the college at officially approved conferences and contests and attendance upon field trips will not be counted as absences.

**LEAVING CLASS:** Students are expected to remain in the classroom throughout the entire class session. Students leaving the class early, or just briefly, without prior instructor approval, will have points deducted from their class points.

- **CELL PHONES and ELECTRONIC DEVICES:** Cell phones and electronic devices must be turned off and put away during class. Cell phones ringing during class and all electronic devices not put away will be held by the instructor until the end of class.

---

**Classroom Etiquette**

**Required Information -- Discretionary language**

This is where an instructor explains his/her policy on these matters. Here is some suggested language:

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- Food and Drink: Food and drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- Children in the classroom: Due to college rules and state laws, only students enrolled in the class may attend; children are not allowed.

---

**NETIQUETTE**

Netiquette is a combination of the words "network" and "etiquette." Basically, it describes things you should and shouldn't do while communicating with other people online. This is especially important in a classroom environment. Here are some examples:

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others’ opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use
appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!)].

You can learn more about Netiquette by viewing the Core Rules of Netiquette available at http://www.albion.com/netiquette/corerules.html, as excerpted from the book Netiquette by Virginia Shea. Also, you can test your knowledge by taking the Netiquette Quiz at http://www.albion.com/netiquette/netiquiz.html. (Both links courtesy of Albion.com).

Overall, please be courteous to the instructor and to your fellow classmates. If you see postings that are inappropriate, please bring them to the instructor’s attention. If a problem occurs, you should be aware of the IVC Student Conduct and Complaint policy, accessible on pages 22-24 of the IVC General Catalog.

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another’s work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one’s own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to “cite a source” correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

ACCESSIBILITY

Every effort has been made to ensure that this course is accessible to all students, including students with disabilities. If you encounter a problem accessing any portion of this course, please contact the instructor immediately.

### Student Equity Program

- The Student Equity Program strives to improve Imperial Valley College’s success outcomes, particularly for students who have been historically underrepresented and underserved. The college identifies strategies to monitor and address equity issues, making efforts to mitigate any disproportionate impact on student success and achievement. Our institutional data provides insight surrounding student populations who historically, are not fully represented. Student Equity addresses disparities and/or disproportionate impact in student success across disaggregated student equity groups including gender, ethnicity, disability status, financial need, Veterans, foster youth, homelessness, and formerly incarcerated students. The Student Equity Program provides direct supportive services to empower students experiencing insecurities related to food, housing, transportation, textbooks, and shower access. We recognize that students who struggle meeting their basic needs are also at an academic and economic disadvantage, creating barriers to academic success and wellness. We strive to remove barriers that affect IVC students’ access to education, degree and certificate completion, successful completion of developmental math and English courses, and the ability to transfer to a university. Contact: 760.355.5736 or 760.355.5733 Building 100.
- The Student Equity Program also houses IVC’s Homeless Liaison, who provides direct services, campus, and community referrals to students experiencing homelessness as defined by the McKinney-Vento Act. Contact: 760.355.5736 Building 100.
