Additional readings may be required and will be provided on Canvas or by the instructor.

REQUIRED MATERIALS: See materials handout.

Course Requirements and Instructional Methods

- **Participation in class:** Students are required to attend all regular class meetings on time. Absences from class and excessive tardiness will result in a loss of points towards the final grade. Students should inform the instructor by e-mail (preferred) or telephone if it is necessary to be late or to miss a class.
- **Critiques:** There will be critiques on most projects, all students will be expected to participate in by presenting their projects, its statement of purpose, and how it fulfills the design problem. Students will offer, and perhaps receive constructive criticism on their own, and their peer’s projects.
- **Design Projects and Studio Problems:** Students will begin, work on, and finish design projects and studio problems in class, as well as in homework. These works will reinforce the study of the principles and elements of design, with a working knowledge.
- **Written assignments:** Students will be asked to provide a written artist’s statement for at least one of their projects. Students are also expected to view at least 2 art exhibits (cultural events) outside scheduled class and to write short reviews of each, as well as an essay about a work of art or artist, historical or contemporary.
- **Quizzes:** There will be a few vocabulary quizzes. Some of these may be in the form of short essay, challenging the student to think about form and function, comparisons of art and design works, etc.
- **Portfolio Reviews:** Portfolios of work completed by each student will be reviewed by the instructor
two times during the semester. **Students will make an appointment with the instructor for this purpose.** There will be two class sessions set aside for preparing portfolios for review.

**Instructional Methods:**
Lectures/demonstrations and audio-visual presentations; ongoing studio critiques and discussions; studio, gallery and museum visits; guest speakers.

Students are expected to actively participate in the above, as well as to complete studio projects, written assignments, portfolios for review and attend cultural events/places.

**Out of Class Assignments:** The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

**Course Grading Based on Course Objectives**
Unless specifically stated otherwise, all projects are to be completed by the beginning of class, and on their due date. Late projects will be marked down one letter grade (an A becomes a B and so on). Most design projects in the workplace have strict due dates that are enforced by contracts between the designer and the company/client. Therefore, due dates are important. Students will have the opportunity to improve, and/or redo projects, in order to raise the letter grade on a project(s).

**Grades will be assessed on the following criteria:** (May vary somewhat from term to term)

**Attendance**

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student’s status will be the same as that of any other student who desires to add a class. It is the student’s responsibility to drop or officially withdraw from the class. See **General Catalog** for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
• Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as ‘excused’ absences.

Classroom Etiquette

• Participation in class: Students are required to attend all regular class meetings on time. Absences from class and excessive tardiness will result in a loss of points towards the final grade. Students should inform the instructor by e-mail (preferred) or telephone if it is necessary to be late or to miss a class.
• Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
• Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
• Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
• Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Online Netiquette

• What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
• Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others’ opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!)].

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the importance of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

• Plagiarism is taking and presenting as one’s own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to “cite a source” correctly, you must ask for help.
• Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.
Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Student Equity Program

- The Student Equity Program strives to improve Imperial Valley College’s success outcomes, particularly for students who have been historically underrepresented and underserved. The college identifies strategies to monitor and address equity issues, making efforts to mitigate any disproportionate impact on student success and achievement. Our institutional data provides insight surrounding student populations who historically, are not fully represented. Student Equity addresses disparities and/or disproportionate impact in student success across disaggregated student equity groups including gender, ethnicity, disability status, financial need, Veterans, foster youth, homelessness, and formerly incarcerated students. The Student Equity
Program provides direct supportive services to empower students experiencing insecurities related to food, housing, transportation, textbooks, and shower access. We recognize that students who struggle meeting their basic needs are also at an academic and economic disadvantage, creating barriers to academic success and wellness. We strive to remove barriers that affect IVC students’ access to education, degree and certificate completion, successful completion of developmental math and English courses, and the ability to transfer to a university. Contact: 760.355.5736 or 760.355.5733 Building 100.

- The Student Equity Program also houses IVC’s Homeless Liaison, who provides direct services, campus, and community referrals to students experiencing homelessness as defined by the McKinney-Vento Act. Contact: 760.355.5736 Building 100.
