Course Description:

This course is designed to introduce you to the main concepts and theories of sociology. This course surveys sociology as both a science and an applied discipline. Topics to be covered include research methods, culture, groups and social interaction in society, socialization, deviance, social stratification, racial and ethnic groups in society, gender stratification, family and family lifestyles in society, religion and education, political and economic institutions, science, medicine and health care, population and environmental issues in society, and social change and social movements in society.

Course Objectives:

The objectives of this course are: **1)** To critically think about and gain knowledge of the main theories and concepts of each subfield of sociology; and **2)** To leave this course with a basic understanding of sociology, not only in the academic sense, but also an understanding of the everyday or practical nature of sociology and how it affects each one of us on a daily basis.

Course Format:

This course will consist of a combination of lectures, class discussion, assigned readings, videos, group and individual projects and performance on quizzes and exams.

Course Requirements:

Attendance and Class Participation. You are expected to attend class and stay for the whole period. You will be expected to demonstrate an understanding of the assigned reading by actively participating in class discussions. If you miss a class, it is your responsibility to get class notes from a fellow student. If you are going to miss a class, please call me **before** class to let me know. You may be dropped from class if you are absent consecutively for the equivalent of one week of instruction, but **DO NOT** count on the instructor dropping you. If you want to drop the class, it is your responsibility to drop yourself. **Please check your I.V.C. e-mail and/or Blackboard before class in case the instructor will not be attending class that day.**

Projects/Thought Papers. There will be three (3) one page papers due at various times during the semester which will be based on the readings and class material. Thought papers should address the following: **1)** A provocative or interesting idea regarding societal issues from the text, class discussion, your life, an article from the internet or magazine, and/or a television program, from your

point of view. Don't provide a review of the reading/program, but your own thoughts regarding the topic. Each project will be worth 25 points. More information will be given about these papers at a later date. **No late thought papers will be accepted. I DO NOT ACCEPT THOUGHT PAPERS BY E-MAIL.**

Quizzes. Six (6) quizzes will be given during the semester. I will take the five (5) quizzes with the highest scores to determine your points. Since I will be throwing out the one lowest score for quizzes, **no make-up quizzes will be given.** Each quiz will be worth 10 points. Quizzes are given in Blackboard.

Assignments/Group Work. There will be approximately two (2) different in class, take home or group work assignments given throughout the semester. More information will be given about these assignments at a later date. Each assignment will be worth 10 points.

SLO's. **1.** Students will apply the rules of the scientific method and empirical analysis in understanding social behavior; **2.** Students will identify the components of culture and their impact on human behavior; and **3.** Students will analyze the socialization process and identify the different types of socialization through the life cycle.

Exams. Four (4) exams will be given. Exams will consist of multiple choice, fill in the blank, short answer and essay questions from the textbook, lectures and videos. No make-up exams will be given unless you have called me **PRIOR** to the exam and let me know you will not be able to take the exam. If you contact me prior to the exam, you will have one week to make-up the exam. Each exam will be worth 100 points. **Please bring a SCANTRON and a #2 PENCIL to each examination.**
