I. Course Description:

An introduction to American Sign Language and fingerspelling. The course will focus on conversational skills, grammar, and vocabulary as it is used in the Deaf community. Deaf culture will be examined.

II. Attendance Policy:

- Attendance is mandatory. Any student who misses the first class will be dropped. In order to acquire a new language, you must be present. The final grade in this class will be affected by active participation, including attendance, as follows: **Students are allowed a total of three absences; on the fourth the student will be dropped.** If you accumulate absences after the drop date, **you must make-up* the absences in order to pass this course.**
- It is the instructor's discretion to withdraw a student after the add/drop deadline due to excessive absences.

- Students who talk during the signing portion of class will be asked to leave and it will count as an absence. This is a visual language and these types of interruptions are very distracting.
- If a student is going to be absent, it is advisable to contact the instructor. If a student misses a class, s/he should make arrangements to get the notes/information that was covered from your classmate(s).
- If you are not completing the course, **DROP YOURSELF**. Do not assume the instructor will drop you.

*You may make up an absence by attending a Deaf Community Event and writing a 2-page response paper within two-weeks of the missed class

Mastering Sign Language requires much time and commitment. You will need to practice outside of the 90 hours that we will spend in class

In addition, I try to maintain a “no voice” environment to enhance students’ learning, but there will be times that I will use my voice to explain concepts or answer questions that time would not allow otherwise.

XI. Electronic Device Policy:

You may utilize mobile devices such as iPads, tablets, smartphones, or laptops during classroom lecture and activities **ONLY** to further your learning of American Sign Language. However, no electronic device can be used and must be turned off during classroom examinations.

This is subject to change.

XII. Assignments:

Tests-

There will be a total of 2 tests worth 100 points each. Each test will be comprehensive and will be announced (see schedule).

Test Format: The instructor will sign a sentence, and the students will write what the instructor signed. The sentence will be signed **one time only**, no exceptions. It is important that students maintain visual contact with the instructor during tests.

Example: Instructor signs: “What is your name?”

Student writes: “What is your name?”

Note: Students will not answer the question, (“My name is _____”), but will record as accurately as possible, what they see.

Quizzes & Homework-

No make-up quizzes will be given. After the instructor completes lesson/activity in class, homework will be assigned. **Homework will be due on before, after or during quiz days.** Additionally, students are expected to practice the signs that they have learned in class, at least one hour every day. Get to know each other and set up practice groups right away.

***There are no make-up tests or quizzes. If missing a test or quiz is unavoidable, you make up the points by doubling the next test or quiz. You may only do this ONCE!**
