

Winter 2017, CRN 15081, 3 Units
Class Dates: January 3 to February 3, 2017, Online Class

There is a mandatory face to face orientation for this class on January 3, 2017 from 4:30 to 5:30 p.m. in Room 204. If you do not show up to this orientation, you will be dropped from the class. The only exception to this rule is if you contact me through email before the Orientation and you have a valid reason for missing the Orientation. There are many students waiting to get into this class, so be courteous and drop yourself from the class as soon as possible if you decide not to stay in the class. Attending the Orientation is a helpful step for you to succeed in the class. It is also the only way you will be able to crash the course.

If you cannot come to the Orientation and do not complete all of the Module 1 tasks by the first due date, you could also be dropped.

Note: expect a response to questions within 24-48 hours except on weekends.

Class Dates/Tmes: Online only except for **Orientation Meeting: January 3** on campus in Room 204

Please note, I will not be on campus during the summer/winter except on Jan. 3

Office Hours: No Office Hours during summer/winter sessions.

The fastest way to reach me is by email.

If you email me, please put "**History 121 Online**" in the subject line of the email. **Don't forget to put your name inside the email**, especially since many of your email addresses do not identify who you are. If you would like to talk with me over the phone, email me your phone number and a good time to call you.

If you are adding the course, you must use the add authorization number I gave you and add immediately in order to have access to Blackboard. It should take no more than 4 hours for you to be able to log on to Blackboard after you have successfully registered through Webstar. You cannot afford to get behind in this class, so the sooner the better. **The first module is due on January 5 at 11:59 p.m.** No adds accepted after **January 5, 2017.**

Please print out this page and the Course Schedule in the Syllabus tool for future reference.

COURSE DESCRIPTION AND OBJECTIVES

History 121 is a survey of American history from Reconstruction to the present. This course will cover the major political, economic, social, gender, racial, cultural, and intellectual transformations of the modern American eras. Of special note will be an examination of America's rise to global power. At the completion of this course, students will have a broad understanding of the most important ideas, personalities, movements, and events in the modern period. Students will gain skills in analytical thinking, reading, and writing, and learn to analyze and interpret primary and secondary sources of history.

Expected Student Learning Outcomes:

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

- (1) Identify and recall key information from a historical text and/or documentary film; (ILO1)
- (2) Describe the causes and/or impact of a historical event; (ILO1, ILO2) and
- (3) Explain and analyze the key information contained in a primary source document. (ILO1, ILO2)

Specific Course Objectives:

1. Describe the major events and key political, economic, foreign policy, intellectual, cultural, social, scientific and technological trends in United States history from the Reconstruction era to the present. Identify and understand the significance of important personalities and ideas in modern American history.

Comprehend and describe how the development of the modern United States occurred within a global context in which American society was influenced by and influenced events, ideas, people, and cultures throughout the world. Describe the differences between primary and secondary sources, understanding their use in the development of historical interpretation, and appropriately utilize primary and secondary historical sources to expand comprehension of American history. Understand how the acquisition of historical knowledge about the United States is critical to the development of an educated individual and a responsible American citizen. Specifically:

2. Describe the movement of migrants into the trans-Mississippi west after 1865, the development of western railroads and industries and its impact on Native peoples;
3. Describe the causes and consequences of the second industrial revolution, the scientific and technological innovations that helped fuel it, and the rise of American corporations;
4. Discuss the main trends in American politics during the post-Civil War period including issues of labor, immigration, and urbanization;
5. Explain changing attitudes and policies with regard to race, gender, ethnicity, nationality, and class in the late-19th century;
6. Describe the role of the United States in emerging globalism during the late 19th and early 20th centuries, including American ideas and policies regarding imperialism and the specific events of U.S. involvement in the Asia, the Pacific, the Caribbean and Latin America;
7. Discuss the rise of the new political ideas of Populism and Progressivism and explain the changes they brought to American political, economic and social life;
8. Explain the causes of World War I, the changing response of the United States to the war and the evolution of American involvement, and the global consequences of World War I and the Versailles Peace Treaty;
9. Discuss the main political, social, intellectual, and cultural trends of the 1920s, including the growth of modernism and the concurrent conservatism in the United States;
10. Explain the economic situation of the 1920s and the causes of the Great Depression in the United States;
11. Discuss the major social and political events of the Great Depression, including the programs and policies of the New Deal, its successes and failures, and the global impact of the Great Depression;
12. Describe the causes of World War II in both Europe and Asia, the evolution of American involvement in the war, the key events of the war, including the development of the atomic bomb, the response of the American public to World War II and its effects on the homefront;
13. Discuss the global consequences of World War II, including the emergence of the United States as a permanent player on the global stage;
14. Discuss the causes of the Cold War, the events, attitudes, and policies that led to tension between the United States and the Soviet Union after 1945 and the impact of the emerging Cold War on the rest of the world;
15. Discuss the culture, society, policies and events of the 1950s and early 1960s, including the effects of the Cold War both internationally and domestically, particularly regarding the increasing involvement of the U.S. in global affairs, and the increasing importance of science and technology to American society, both in military and civilian contexts during the 1950s;
16. Describe the causes, key events, personalities, and success of the African American civil rights movement in the United States;
17. Describe the spread of civil rights activism among other groups, such as Chicanos, women, gays, Native Americans and to other areas of American life, such as personal freedom, environmentalism, and political action.
18. Discuss the causes, key events, and consequences of the Vietnam War, including the global context for American involvement in Vietnam, the effect of the war on domestic life in the United States, and the long-term impact of the war on American society and culture both domestically and abroad;
19. Describe the major political, economic, social, and cultural developments in the United States during the 1970s, including domestic and foreign policy successes and failures, the changing U.S. relationship with the Soviet Union and China, and the rising importance of the Middle East in American and global affairs due to events such as the emergence of OPEC and the Iranian revolution;
20. Discuss the rise of domestic conservatism and the "Reagan Revolution" of the 1980s and 1990s, including the computer revolution and the increasing importance of technological innovation to American life, and the challenges and opportunities of the post-Cold War world;

21. Describe the major trends in the United States in the 21st century, including the global war on terror and the changing nature of American engagement with the rest of the world, and the economic, social, and political challenges facing Americans today.

WARNING:

If this is your first online course, I want to dispel any notion you might have that this class will be easier than if you took an on-campus course. You will be earning the same number of units as an on-campus course and you will therefore be required to complete the same amount of work. Specifically, this class will require from 10 to 12 hours of your time each week, including the reading, writing, and online activities required. If you are not prepared to spend the proper amount of time on the course, you might want to rethink taking this course. I am not trying to scare you away, only prepare you for what lay ahead. You will need to be very disciplined and **keep up on the work because the module assignments will be due on a certain date and you won't be able to submit work after the deadline, and if you get behind, your ability to successfully pass the course will diminish.** In addition, working on your assignments at the last minute will not allow you to do your best work and that will affect your grade.

[Required Textbook](#)

Out of Many, Vol. Two, Brief 6th Edition, John Mack Faragher, et al., 2012
ISBN 978-0205010622

You can purchase or rent your book at the IVC bookstore on campus. Be careful if you go to the campus bookstore that you **pick up the correct volume number of the book.** (We are using Volume 2, NOT Volume 1 for this class.) **WARNING: If you order your books online, please do so well in advance of the start of school. You cannot afford to wait for your books. If you are waiting for your books, you can go to the IVC library and read the books there, just ask for Wainwright reserves for History 121 at the front desk.** Late assignments will not be accepted just because you couldn't get your books.

Course Requirements & Format

[Modules](#)

This class is divided into **14 modules**. Each module contains various activities and tasks. All of the modules will be accessible from the Course Menu under "**Modules.**" See the **Course Schedule for the date each module opens, the tasks required and the due dates.** Each module lasts one week. You must start each week by reading the material contained in the Modules.

On the due date of each module, the assignments, discussions, and quizzes required in that module will close and cease to be accessible, so don't get behind. You will still be able to see the modules throughout the semester for review. This strict schedule is necessary to keep you on track in the course. Students who get behind in their coursework often end up failing the course as a result.

READING ASSIGNMENTS:

Your textbook:

1. ***Out of Many***, John Mack Faragher, et al., Vol. 2, Brief Sixth Edition, 2012

(This book will be referred to as ***Out of Many*** in the modules & course schedule.)

This is your basic textbook for the course and contains all the factual information, names, dates, description of events, etc. The multiple-choice questions contained in both the quizzes and the exams will come straight out of this book, so read and study it carefully.

Course Resources:

Click the Resources link, and you will find folders with Chapter Study Guides and Lecture Outlines. Each **Study Guide** and **Lecture Outline** contains focus questions, key terms you should learn from your reading, and outlines of each of the *Out of Many* chapters to help you focus on the important issues. Using the study guides and lecture outlines will increase the efficiency of your reading and hopefully improve your performance on the exams.

There are also PowerPoint Presentations for each chapter contained in the Module folders.

There are also additional readings called primary source documents. Both the PowerPoints and primary source documents will be located in the Modules folders. Most documents are in Adobe Acrobat format, so you will need to download the Adobe Acrobat reader to your computer in order to open these resources. **The Lecture Outlines in the Resources link contain the same information as the Powerpoint Presentations in the Modules, but contain only text without the pictures and images, so you do not have to review both of these. Pick the version that best fits your needs.**

[Return to top](#)

Written Assignments

There are a total of eight written assignments contained throughout the modules. These assignments focus on the most important issues in each module. Each assignment will be worth 20 points except the first assignment (which is only 10 points). It is the **quality** of what you write versus the quantity that will be graded but each assignment must be as long as necessary to answer the question(s). These questions will appear in the module with lecture material. The best way to proceed through the modules is to **start with reading the Lecture materials contained in the Module folder** before reading your textbook and know what questions you have to answer so that you can be looking for material to answer the questions while you are reading the textbook, documents, etc. Then go to **Assignments** and complete the assignment. **The questions I ask cannot be answered by looking at one paragraph or even one page in the book. You should also use the lecture in the module, and the PowerPoint presentation or the lecture outline in the Resource tool** to make sure you have all of the answer. Sometimes, the information necessary to answer the question is not all in the textbook.

Grading:

In my experience, the most common problem students experience is not being detailed enough in their answers. Always be as specific as you can and use examples from your readings. Make sure to answer all parts of the question. If you use material from outside sources (like websites), make sure to cite your source in your assignment response. **All assignment questions should be primarily answered using your textbook first, as well as the Powerpoints and module lectures and primary source documents. You will lose points if you only use websites for information.** Points will be deducted for inadequate responses. **I have included a grading rubric for assignments in the Resources area. Please use this as a guide to how assignments will be graded.**

I will give you feedback on these assignments when I grade them, so make sure to review my comments and hopefully you will improve your writing as you proceed through the course.

All the assignments should be submitted using the **Assignments link**. Please type all your assignments in a word processing program, save them on your computer, and then copy and paste into the Assignment tool. You can type directly into the Assignment tool, but if you have any technical problems, you could lose your work. By keeping a copy on your own computer you can always prove that you did it and resubmit. **Click the "Write submission" button**, then paste or type your work. **Do not type in the "comments" box in the Assignment tool. Do not attach a Google doc because I will not be able to open it in Blackboard.**

Your Assignment will be completed only when you click on the "Submit" button. If for some reason you are having a problem submitting your assignment through the Blackboard assignment tool, you can send it to me by email, as long as it is before the due date. (Only do this in an emergency.)

If you chose to submit your work as an attachment, make sure it is in MS Word, or a text file. Make sure to check to see that the assignment tool says "submitted" before the due date, or your work will not be graded. I give a one day grace period before closing off submittals of assignments (**NOT** quizzes and

discussions), but it will be deemed late and lose 5 points if it is after the due date for that module. **Again, the only thing I accept late are written assignments, not quizzes and discussions. If you miss the quiz or the discussion, that's it. I also don't want you to be late on the assignments very often. Once or twice during the semester because things happen is okay, and you still lose points. But if you are always late, you will probably not pass the course because you will be losing too many points. If this is unclear, let me know.**

Discussions:

All class discussions will take place in the **Discussion board**. These discussions will be worth 10 points each, except for a few which are worth 15 points. Discussions will center around a question posed by your instructor in the Discussion forum for a particular module. These questions will primarily ask for your opinion and there will not be a "right or wrong" answer.

Your discussion response will be graded on whether it is a well thought out response, that it is clear from your response that you did the reading, and that your opinion is based on evidence from your readings. Don't try to respond to a discussion question if you haven't done the reading, because it will be very obvious and you will not get credit for that discussion. A good guideline to follow is that you need a **minimum of at least five good sentences** to get credit for the discussion. A "good" sentence is longer than a few words and actually says something that answers the questions. A grading rubric for Discussions is also posted under Resources.

Obviously, you will be writing throughout this class, either through the assignments or in the group discussions. You should take care to present polished work. This includes checking your spelling and grammar. (Spell check alone is not enough. You must also proofread because spell check cannot catch many different types of errors.) If your assignments contain a lot of grammar and spelling mistakes or I can't understand what you are trying to say, I will deduct points.

Late Assignments:

All tasks for each module are to be completed and submitted by the due date indicated for that module. **Late written assignments will be accepted for one day following the due date, but will lose 5 points. The Quizzes and Discussions must be completed on time because you won't be able to access these after the due date of that particular module.** No exceptions will be made on these deadlines, unless you contact me and have a very good, documented reason for needing more time.

Grading Criteria:

The total points available for the course is 560 points. There is no extra credit available in this course, so don't ask.

Assignments = 150 points (Each assignment is worth **20 points**, except the first assignment which is worth only 10 points. A total of 8 written assignments)

Discussions = 130 points (Each discussion is worth **10 or 15 points/12 total discussions**)

Quizzes = 180 points (Each module contains a multiple-choice quiz (10 or 20 questions each). These quizzes are intended to help you review the material. **No late quizzes allowed.** You have two attempts on each quiz, but only the highest score will be used in your class grade. There are fourteen quizzes. **I do not give you the answers** to the quizzes because they are **open book** quizzes, but after the due date of the module, it will show you which questions you missed. If you want to ask me about a specific question that you are having trouble with, please do so. Don't forget to click the "finish" button when you are done with the quiz, or it will not be graded. (Warning: do not leave the quiz while you are taking it or before you finish it, or that will count as one of your attempts.)

Mid-Term Exam = 40 points

Final Exam = 60 points

A Study guides for the Mid-term and Final Exams will be provided the week before the exam, but you can also use the Study Guides provided for each chapter to start preparing for the exam. The exam will consist of multiple-choice questions.

Mid-Term Exam Online	Due by 1/19/17	<i>Out of Many, Chapters 18-23</i>
Final Exam Online	Due by 2/3/17	<i>Out of Many, Chapters 24-30</i>

Course Grade: The course grade is based on total points accumulated during the semester. Grades are determined by dividing the total points you earn by the total points available to get your percentage. You can keep track of your grade in the "My Grades" section of Blackboard. It is also a good idea to keep track of your own grades outside Blackboard and let me know if you find any discrepancies in "My Grades." If you want to verify your point total at any time during the course, please email me. I keep a hard copy of all grades in Excel. Final grade is based on the following percentages:

90-100% = A, 80-89% = B, 70-79% = C, 60-69% = D, below 60% = F

ATTENDANCE RULES AND WITHDRAWAL FROM THE CLASS:

A student who fails to complete all of the first tasks (Module 1) of an online class will be dropped by the instructor. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See the IVC General Catalog for details.

Regular attendance in all classes is expected of all students. Students who fail to complete all required activities for two consecutive modules may be considered to have excessive absences and may be dropped.

You must be an active participant in the class. You cannot just take quizzes. You must do the written assignments to be considered active in the class.

The last day to drop the course with a "W" is January 26, 2017.

Online Classroom Netiquette

Netiquette, as you probably know, is a combination of the words "network" and "etiquette." Basically, it describes things you should and shouldn't do while communicating with other people online. This is especially important in an online classroom environment. Here are some examples: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, no profanity, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!)], Don't forget to Capitalize proper nouns, titles, etc.

[Click here to learn more about Netiquette.](#) This link takes you to the Core Rules of Netiquette, as excerpted from the book Netiquette by Virginia Shea. (courtesy of Albion.com).

Overall, please be courteous to me and to your classmates. Working within a safe, friendly learning environment will be beneficial to everyone. If you see postings that are inappropriate, please bring them to my attention, and I will deal with the situation.

Academic Honesty:

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the importance of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

Plagiarism is taking and presenting as one's own, the writings or ideas of others, without citing the source. This includes copying and pasting from any source on the Internet. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly "cite a source," you must ask for help.

Cheating is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question. Acts of cheating include, but are not limited to the following:

- plagiarism;
- copying or attempting to copy from others during an examination or on an assignment;
- communicating test information with another person during an examination;
- allowing others to do an assignment or portion of an assignment; and
- use of a commercial term paper service.

Anyone whom I determine to have cheated will receive a zero (0) score on the exam or assignment (no make-up on that assignment will be allowed) and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an "F" in the course and/or disciplinary action. Please refer to the IVC General Catalog for more information on academic dishonesty or other misconduct.

OTHER IMPORTANT INFORMATION:

Additional Help:

Please ask questions through the Discussion board, or by emailing me. You can expect a response with 24-48 hours.

- **Blackboard Support Site:** The Blackboard Support Site provides a variety of support channels available to students 24 hours a day.
- **Learning Services:** There are several learning labs on campus to assist students through the use of computers and tutors. Please consult your campus map for the Math Lab; Reading, Writing & Language Labs; and the Study Skills Center.
- **Library Services:** There is more to our library than just books. You have access to tutors in the Study Skills Center, study rooms for small groups, and online access to a wealth of resources.

Disabled Student Programs and Services (DSPS)

Any student with a documented disability who may need educational accommodations should notify the instructor or the [Disabled Student Programs and Services](#) (DSP&S) office as soon as possible. The DSP&S office is located in Building 2100, telephone 760-355-6313. Please contact DSPS if you feel you need to be evaluated for educational accommodations.

If you are a disabled student and need special accommodations, please let me know. I have made every effort to ensure that this course is accessible to all students, including students with disabilities. If you encounter a problem accessing any portion of this course, please contact me immediately.

Student Counseling and Health Services:

Students have counseling and health services available, provided by the pre-paid Student Health Fee.

Student Health Center: A Student Health Nurse is available on campus. In addition, Pioneers Memorial Healthcare District and El Centro Regional Center provide basic health services for students, such as first aid and care for minor illnesses. Contact the [IVC Student Health Center](#) at 760-355-6310 in Room 2109 for more information.

Mental Health Counseling Services: Short term individual, couples, family, and group therapy are provided to currently enrolled students. Contact the IVC Mental Health Counseling Services at 760-355-6196 in Room 2109 for more information.

Student Rights and Responsibilities:

Students have the right to experience a positive learning environment and due process of law. For more information regarding student rights and responsibilities please refer to the IVC General Catalog.

Information Literacy:

Imperial Valley College is dedicated to helping students skillfully discover, evaluate, and use information from all sources. The IVC Library Department provides numerous [Information Literacy Tutorials](#) to assist students in this endeavor.
