### Course Description

The major events of United States history from 1877 to the present will be studied. This examination will include the social, political, economic, racial, gender, cultural and intellectual changes that have occurred, and their relevance to current events. Of special note will be an examination of America's rise to global power.

### Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and/or attitudes as demonstrated by being able to: (1) identify and recall key information from a historical text and/or a documentary film; (2) describe the causes and/or impact of a historical event; and (3) explain and analyze the key information contained in a primary source document.

### Course Objectives

Upon satisfactory completion of the course, students will be able to: Identify the major events and key intellectual, cultural, social, political and economic trends in United States history from the post-Reconstruction period to the late 20th century, and identify and understand the significance of important personalities and ideas in United States history after 1877.

### Textbooks and Other Resources or Links

**Required:** *US History* Go to <https://openstaxcollege.org/students> to access the text. There is no cost to you! Printed copies are available for order through OpenStax, or may be purchased at the College Bookstore.

**Recommended:** *Longman Advanced American Dictionary*, 3<sup>rd</sup> edition. ISBN 978-1447913139. The 2<sup>nd</sup> edition is also acceptable for this class.

Additional readings or articles may be presented or assigned by me as deemed relevant.

### Course Requirements and Instructional Methods

**Exams:** There will be four exams (two shorter tests, Midterm and Final). All will be based on the text, any additional readings, lectures (which includes Power Point presentations), and videos. Only one make-up exam will be given to a student during the semester, and must be scheduled with me. Make-up exams may be used *only* if the original exam was not taken at the scheduled time due to illness or verified family or work emergency, and I am notified before the test. Any make-up exams scheduled for more than three school days after the original test date face a point reduction of 25%. I will not approve any make-up test scheduled later than one (1) week after the original test date. There is NO make-up available for the last exam!

**Writing Requirement:** Students will be required to complete four written assignments. Information on these assignments will be presented by me.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

### Course Grading Based on Course Objectives

**Grading:** The course maximum is 1000 points, based on the following:

Discussion/Participation	185 points (approx. 5.5/class)
Mandatory meeting with me	40 points
Exams (two @ 60 points each)	120 points
Assignments (four @ 70 points each)	280 points
Midterm	125 points
Final	250 points

Grading will be based on total points, as follows:

A = 901 – 1000 pts.	B = 801 – 900.5 pts.	C = 701 – 800.5 pts.
D = 601 – 700.5 pts.	F = 0 – 600.5 pts.	

## Imperial Valley College Course Syllabus – COURSE

Discussion points will be deducted when a student is late (1 point each time), and/or when a student disrupts the class by talking during the lecture or videos loud enough to disturb other students (or for me to hear you), has a cell phone ring during class, etc. (1/2 point each time). Points can only be earned by a student who asks questions and/or participates in classroom discussions. Points are not earned simply for attendance.

I reserve the right to have students complete additional work in class. Any such work will have points added to what is shown above. **I do NOT offer extra credit work.**

Letter grades will not be included on tests and assignments. They will only be used for the final course grade.

### Attendance

A student who fails to attend the first meeting of a class will be dropped by me as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.

Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped.

Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences, *provided that the student notified me prior to the event.*

### Classroom Etiquette

Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by me.

Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by me.

Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).

Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

### **Academic Honesty**

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.

Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and I may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an "F" in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
