Course Requirements and Instructional Methods

During the **2017 Spring Semester**, AHP 100 is offered as an online class, A student shall treat this course like a job. There will be:

Course assignments 1, 2, 3 (10 points each)	(30% of total grade)
Chapter discussions (1 points each)	(10% of total grade)
Chapter Exams 1, 2, 3, 4, 5 (10 points each)	(50% of total grade)
Attendance	(10% of total grade)

Extra credit is offered. (1 point per assignment)

Chapters of reading will be assigned throughout the class (see schedule). The Department of Education policy states that one-credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Modules

This class is divided into Weekly learning units. Each weekly unit contains various activities and tasks. All of the weekly Learning Units will be accessible from the Course Menu under " Weekly Learning Units." In the Weekly tabs link, and you will find files with PowerPoint Presentations for each chapter contained in the folders. There will also be videos for assigned viewing related to each chapter. You will be writing throughout this class, either through the assignments or in the group discussions. You should take care to present your work. This includes checking your spelling and grammar. (Spell check alone is not enough. You must also proofread because spell check cannot catch many different types of errors.) If your assignments contain a lot of grammar and spelling mistakes or I can't understand what you are trying to say, I will deduct points.

Downloads

In order to view certain multimedia elements on the Web, you need multimedia players. The most popular players are QuickTime, RealPlayer, Flash, and Shockwave, and they are all freely downloadable.

- [Get the QuickTime player](#)
- [Get RealPlayer](#)
- [Get Flash player](#)
- [Get Shockwave](#)

Assignments

All the assignments should be submitted using the **Assignments Tool located within the Weekly unit**. You can type directly into the Assignment tool, but if you have any technical problems, you could lose your work. By keeping a copy on your own computer you can always prove that you did it and resubmit. Click the "Write submission" button, then paste or type your work. **Do not type in the "comments" box in the Assignment tool.**

Your Assignment will be completed only when you click on the "Submit" button. If for some reason you are having a problem submitting your assignment through the Blackboard assignment tool, you can send it to me by email, as long as it is before the due date. (Only do this in an emergency.) If you chose to submit your work as an attachment, make sure it is in MS Word, or a text file. Make sure to check to see that the assignment tool says "submitted" before the due date, or your work will not be graded.

Late Assignments:

All tasks for each module are to be completed and submitted by the due date indicated for that module. **Late written assignments will be NOT be accepted** The Quizzes and Discussions must be completed on time because you won't be able to access these after the due date of that particular module. No exceptions will be made on these deadlines; unless you contact me with your reason for needing more time than the allotted time.

Discussions

All class discussions will take place in the Discussion Boards tab. These discussions will be worth 10 points each. Discussions will center on a question posed by your instructor in the Discussion forum for a particular module. These questions will primarily ask for your opinion and there will not be a "right or wrong" answer. Your discussion response will be graded on whether it is a well thought out response, that it is clear from your response that you did the reading, and that your opinion is based on evidence from your readings. Don't try to respond to a discussion question if you haven't done the reading, because it will be very obvious and you will not get credit for that discussion. A good guideline to follow is that you need a minimum of at least five good sentences to get full credit

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Course Grading Based on Course Objectives:

- * A student who fails to attend the first online class meeting will be dropped by the instructor. It is the student's 'official' responsibility to drop or withdraw from the class –see Catalog for details.
- * Testing: Every student is responsible for taking all examinations.
- * **THERE ARE NOMAKE-UP exams or quizzes unless prior arrangements are made with the instructor.**
- * The instructor may include additional quizzes with the scheduled exam without prior notice from your reading assignments for each chapter. Quizzes will be given from figures, tables, guidelines or abbreviations (end-of chapter) from textbook chapters.
- * **3 unexcused absences and you will be dropped from the course.**

GRADING SYSTEM:

MUST PASS with total points averaging a 70% = C

1. A= 90%-100%
- 2 B= 80%-89%
3. C= 70%-79% (70 % minimal requirement to pass this class)
4. D= 60%-69%
5. F= 59% > (below)

Attendance

- **A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as**

that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- Children in the classroom: Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Online Netiquette

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.

- **Cheating** is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Additional Student Services

Imperial Valley College offers various services in support of student success. The following are some of the services available for students. Please speak to your instructor about additional services which may be available.

- **Blackboard Support Site.** The Blackboard Support Site provides a variety of support channels available to students 24 hours per day.
- **Learning Services.** There are several learning labs on campus to assist students through the use of computers and tutors. Please consult your [Campus Map](#) for the [Math Lab](#); [Reading, Writing & Language Labs](#); and the [Study Skills Center](#).
- **Library Services.** There is more to our library than just books. You have access to tutors in the [Study Skills Center](#), study rooms for small groups, and online access to a wealth of resources.
