### Course Description

This course is intended to help students with disabilities to understand their computer usage capabilities and to determine, through an instructor evaluation, the appropriate hardware and software. (Non-transferable, non-degree applicable.)

### Student Learning Outcomes

1. Instructor will assist students with identifying their appropriate hardware and software needs.
2. Students will improve their typing and basic computer skills.
3. Students will be able to complete assignments for other courses and to utilize adaptive software as appropriate to their disability.
4. Students will be able to fill out online forms and format simple documents.

### Course Objectives

1. Students will improve their basic computer and typing skills and will learn to utilize software and/or hardware that will assist them with their disabilities.
2. Students will complete two assignments, in addition to the lessons in the keyboarding application, that will assist in demonstrating keyboarding skills.

### Textbooks & Other Resources or Links

1. Applications and hardware, as appropriate to individual student needs, available at the DSPTS computer lab.
2. Assignments, as assigned by instructor at computer lab.

### Course Requirements and Instructional Methods

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

### **Course Grading Based on Course Objectives**

1. Weekly lab attendance and completion of the two assignments, as assigned, is mandatory.
2. Students are required to complete 18 hours of logged lab time by 4:00 pm, Thursday, June 8, 2017.
3. Students must be logged in and logged out by staff when entering and exiting the lab. Students may be dropped from the course without prior notification for falling behind on hours.

### **Attendance**

Regular weekly attendance in the lab, starting the first week of the semester, is expected of all students. Students who do not log in during the first week may be dropped by the instructor. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.

### **Anticipated Class Schedule/Calendar**

**The instructor will provide a tentative, provisional overview of the assignments and/or other activities for the duration of the course**

### **Classroom Etiquette**

- **Food and Drink are prohibited in the lab. Please comply as directed by the instructor.**

### **Academic Honesty**

Students are expected to exercise academic honesty and integrity. Cheating, plagiarism, or viewing inappropriate web sites will result in disciplinary action and this could include a recommendation for dismissal

### **Additional Student Services**

Imperial Valley College offers various services in support of student success. The following are some of the services available for students. Please speak to your instructor about additional services which may be available.

- **[Blackboard Support Site](#).** The Blackboard Support Site provides a variety of support channels available to students 24 hours per day.
