Course Description

This lab class offers intensive instruction in writing, research, reading, and critical thinking skills to promote success in a concurrent English 110 course. This course allows a qualified student to bypass English 009. This course follows the freshman composition co-requisite model of acceleration.

English 55 is paired with English 110, a lab support course. English 55 is designed to assist students in completing their homework assignments and essay assignments for English 110. Enrolling in English 110 with the support course English 55 allows students to bypass English 009. However, students who have qualified for English 110, but feel they could use more support in English composition, will also benefit from taking the paired courses. Both courses are graded separately. English 110 follows the traditional grading scale and English 55 is pass/no-pass.

### Academic Integrity

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

All work that you submit is expected to be your own original work, created specifically for this class. Cheating, plagiarism, and colluding will not be tolerated. Any student who engages in this type of conduct will receive a zero for that

particular assignment. Depending on the severity of the incident they may be reported for further investigation and disciplinary action. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

The college identifies strategies to monitor and address equity issues, making efforts to mitigate any disproportionate impact on student success and achievement. Our institutional data provides insight surrounding student populations who historically, are not fully represented. Student Equity addresses disparities and/or disproportionate impact in student success across disaggregated student equity groups including gender, ethnicity, disability status, financial need, Veterans, foster youth, homelessness, and formerly incarcerated students. The Student Equity Program provides direct supportive services to empower students experiencing insecurities related to food, housing, transportation, textbooks, and shower

access. We recognize that students who struggle meeting their basic needs are also at an academic and economic disadvantage, creating barriers to academic success and wellness. We strive to remove barriers that affect IVC students' access to education, degree and certificate completion, successful completion of developmental math and English courses, and the ability to transfer to a university. Contact: 760.355.5736 or 760.355.5733 Building 100.
