Course Requirements and Instructional Methods

The instructor may use lecture, classroom discussion in which each student is expected to contribute, video presentations, classroom group work and group presentations, written assignments, and case studies.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Your grade will be calculated based on 4 tests or quizzes spaced over the semester as well as a final examination. All tests/quizzes are comprehensive. Pop-quizzes may be used. The dates of the tests depend on class progress and will be communicated to the class generally 2 weeks before the test, except when a pop-quiz is given. You may drop the lowest of your test/quiz grades (but not the final exam) unless the low grade is an F you receive for cheating. Consequently, **NO MAKE-UP TEST OR QUIZ WILL BE GIVEN**. You will also be assigned homework, which must be turned in to me by the beginning of the class period at which the assignment is due. Your ultimate grade will be calculated as follows:

THREE TESTS/QUIZZES = 20% each for 60% of your total grade

HOME WORK and CLASS PARTICIPATION =10% of total grade

FINAL EXAMINATION = 30% of your total grade.

Again, all tests/quizzes are comprehensive and will employ a multiple testing methods, including multiple choice questions, true and false questions, short essay questions, and fill-in-the blank questions.

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes **is expected** of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Your cell phone should not be on your desk or in your hands during class** unless otherwise directed by the instructor. There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
