

Textbook: *Pathways to Astronomy*, by Stephen Schneider & Thomas Arny. (3rd, 2nd or 1st ed.)
ISBN: 987-0-07-726311-9

Course Grading:	3 Mid-term Exams (15% each exam)	45% of final grade
	Final Exam	20% of final grade
	Homework Exercises	25% of final grade
	2 Written Assignments	
	5% each	10% of final grade

	TOTAL	100%

Exam Policy: If you miss an exam without prior approval, you **must** e-mail me or call me and leave a message **AS SOON AS POSSIBLE!** If you just wait until the next class meeting to talk with me, you will not be allowed to take the exam.

Homework Policy: Late homework (by next class) is worth half credit. No credit after next class. Do your own work! You can work with others, but DO NOT COPY ANYONE ELSE'S ASSIGNMENT! Copied assignments will be given **ZERO!** This will be true for ALL involved in copying.

Extra Credit: The **ONLY** form of extra credit is based on quizzes over constellations presented in the planetarium. You must attend the E-C meetings in the planetarium in order to qualify for the extra credit, not just take the quiz. The total extra credit that can be earned is 5% of the overall grade. There are **no projects or papers** for extra credit!

Attendance Policy: Regular attendance is **REQUIRED**; it does **NOT** earn a passing grade. Poor attendance or regularly missed classes will result in being dropped from class.

For M-W and Tu-Th classes, you will be dropped from this course if you miss **THREE (3) consecutive** class meetings!

For Monday evening classes, you will be dropped from the course if you miss **TWO (2) consecutive** class meetings! Roll will be taken **TWICE!**

Classroom Behavior: Politeness is important!! If you yawn, cover your mouth and keep quiet!

Talking while I am presenting course material should be kept at a minimum!
Talking during group exercises and worksheets is required!

The classroom is NOT a lunch room. Water only! No slurping!

Cell phones should be turned off. If your cell phone goes off during an exam, you will be done with the exam and hand it in. So, turn it off!

Coats, backpacks, purses and other such things will be placed on the floor during class. Note-taking material should be on the desk, that's all.

Boyfriend-girlfriend: Hands to yourself. No squeezing during class.
Expect not to sit next to each other during exams and quizzes.

Outside the Classroom: The general guide for a college level course is that students should spend **TWO HOURS** outside the classroom on the course for each hour in the classroom. As this course meets for 3 hours a week, this is **SIX HOURS** per week. If you are not spending at least 3 to 4 hours each week outside the classroom on this course, you are **not meeting your responsibility** as a student in this course. This is **NOT** just time on homework, but means reading, studying and reviewing!

Course Quotation: "**The mind is not a vessel to be filled, but a fire to be kindled (ignited).**" - Plutarch

"All hope abandon, ye who enter here." From Dante's *Divine Comedy*.

"Ah gravity, thou art a heartless bitch." Sheldon Cooper

Important Withdrawal Dates: Last day to withdraw without W on transcript: Sunday, Sept. 1st.
Last day to withdraw with W on transcript: Friday, Nov. 8th.

Any student with a documented disability who may need educational accommodations should notify the Instructor and the Disabled Student Programs and Services (DSP&S) Office as soon as possible. The DSP&S Office is in Room 2117 of the Health Sciences Building (355-6312).

Astronomy 100 -- Fall 2013 -- Monday Course Syllabus

DATE	SUBJECT	READINGS
-----	-----	-----
August 19	Introduction	
	Earth and Sky Coordinates	Unit 5
	Annual Motion of the Sun	Units 6, 7 & 9
26	The Reason for Seasons	Units 6, 7 & 9
	Phases of the Moon	Unit 8
	Solar and Lunar Exlipses	Unit 8
<i>September 2</i>	<i>Labor Day Holiday</i>	
9	Early Astronomy	Unit 10
	Astronomical Revolution I	Unit 11
16	Astronomical Revolution II	Unit 12
	Solar System Overview	Units 32 & 33
23	First Mid-Term Exam	
	The Earth in Detail	Unit 35
	The Moon in Detail I	Unit 37
30	The Moon in Detail II	Unit 37
	The Terrestrial Planets	Unit 38, 39 & 40
	The Greenhouse Effect	Unit 39
October 7	The Outer Satellites	Units 45 & 46
	Pluto and Charon	Unit 46
	Comets	Unit 47
14	Light and Radiation	Units 21, 22, 23, & 24
21	Second Mid-Term Exam	
	Our Friend, the Sun	Units 49, 50 & 51
28	Basic Properties of Stars	Units 52, 55 & 57
	The H-R Diagram	Units 58, 59 & 61
November 4	Death of Low-Mass Stars	Units 62 & 64
	Death of High-Mass Stars	Units 66 & 67
	Black Holes	Unit 68
<i>11</i>	<i>Veterans Day Holiday</i>	
18	Our Milky Way Galaxy	Units 70, 71 & 72
	Dark Matter	Units 73 & 78
	Cosmology	Units 76, 79 & 80
25	Third Mid-Term Exam	
	Cosmogony	Units 80, 81 & 82
	Final Exam Preparation	
December 2	Final Exam
