Course Description

Receptive and expressive skills will be further developed through vocabulary enrichment, grammar practice, and interactive conversational exercises. Deaf culture norms and traditions will be studied in class.

Student Learning Outcomes

Upon completing this course with a grade of C or better, you will be able to:

- 1) Express simple personal experiences and opinions using American Sign Language.
- 2) Distinguish correct facial grammar for six basic sentence types, recognizing the type of sentence that is being produced.
- 3) Convert simple written English sentences to grammatically correct ASL sentences.
- 4) Identify some historical features and developments in American Deaf culture.

Course Objectives

Upon satisfactory completion of the course, students will be able to:

- 1. Demonstrate knowledge of approximately 30-35 vocabulary signs per week.
- 2. Demonstrate the knowledge of sight recognizable commonly fingerspelled words up to five letters.
- 3. Demonstrate the use of lexicalized loan signs.
- 4. Explain their knowledge of the legal rights of the Deaf people to the employment of interpreters.
- 5. Give directions to specified locations and describe location using classifiers.
- 6. Express uncertainty and ask for clarification.
- 7. Describe the physical appearance of others.
- 8. Explain needs and make requests.
- 9. Talk about family and occupations.
- 10. Describe the basic activities in which they are involved.
- 11. Demonstrate knowledge of Deaf Culture's use of modern technology for accessible communication.
- 12. Demonstrate knowledge of clubs and organizations available to members of the Deaf Community

Course Requirements and Instructional Methods

Teaching Strategy:

The instructor will generally be teaching with a voice off approach. This will increase your receptive comprehension. You will be participating in a variety of class exercises designed to increase both your receptive and expressive skills. Please arrive to class on time, ready to start signing. We will be introducing new vocabulary weekly, and then applying it through a variety of exercises. You MUST practice outside of class. We will also be learning new grammatical structures weekly as we go through the chapters of the book. You will be asked to prepare some ASL assignments outside of class; you will be given clear instructions to follow to produce successful assignments. You may have to sign individually to your instructor, or in small groups, or in front of the class. We will have lab in class weekly, with a complete voice off period. During lab, you will be given specific exercises to focus on to improve your signing skills. We will also have presentations this semester.

Course Grading Based on Course Objectives

Grading will be based on a standard distribution (i.e., 90-100% = A, 80-89.9% = B). There will be 1,000 points possible during the course. No extra credit will be given.

Participation 150 (includes participation, no voice, following class rules)

Homework 150 (includes written and signed homework)

Labs 50 (voice off practice on Wednesday)

Exams 300 Quizzes 100 Deaf event report 50

Presentations 75 (3 @ 25 points each) Section finals 75 (3 @ 25 points each)

Interactive final 50 (signing one on one with the instructor)

TOTAL 1,000

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

- <u>Electronic Devices:</u> Cell phones and electronic devices must be turned off and put away during class unless otherwise directed by the instructor.
- <u>Food and Drink</u> are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed.
- <u>Disruptive Students:</u> Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- <u>Children in the classroom:</u> Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Academic Honesty

- <u>Plagiarism</u> is to take and present as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly 'cite a source', you must ask for help.
- <u>Cheating</u> is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials, or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment, (e) use of a commercial term paper service
