**Course Requirements and Instructional Methods**

This course will consist of a combination of lectures, class discussion, assigned readings, videos, individual projects and performance on quizzes and exams.

**Article Reviews:**

Article reviews are intended to enhance your learning of Human Sexuality outside of the classroom. There will be three (3) article reviews due at various times during the semester. These reviews are summaries of articles, which can be retrieved from the IVC library department on-line (Information Literacy), internet, newspaper, or magazine, based on the subject of Human Sexuality. These reviews are to include: a summary of the issue at hand, the pros and cons of the issue discussed and your opinion of the issue. Each of these reviews are worth 25 points. All reviews should be at least 2-3 pages typed and double spaced. The article from which the summary was derived should be attached or copied and turned in along with the review.

**Late Article Review will not be accepted and I DO NOT accept article reviews assignment by e-mail.** All article reviews must be fully completed prior to coming to class.

**Quizzes:** Four (4) quizzes will be given at various times during the semester. No late quizzes will be accepted. Each quiz will be worth 10 points.

**Term Paper Assignment:** Each paper should review the literature on an issue in a major theory or aspect of human sexuality. More information about this assignment will be given at a later date

**Exams:** Four exams will be given. Exams will consist of multiple choice, and true and false. No makeup exams will be given unless you have called me PRIOR to the exam and let me know that you will not be able to take the exam. If you contact me prior to the exam, you will have one week to make-up the exam. Each exam will be worth 50 points. Please bring a #2 pencil and a scantron to each examination.

**Class participation and Attendance:** At the beginning of each class, attendance will be taken (roll call). If a student must arrive late or leave early, the instructor should be notified so that the student is not penalized unfairly. It is the student's responsibility to let the instructor know when they are in class, particularly if they miss the roll call. Class participation will be measured by presence, active interest and involvement in discussions, exercises and presentations.

It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.

For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
