Course Description

An introduction to American Sign Language and fingerspelling. The course will focus on conversational skills, grammar, and vocabulary as it used in Deaf community. Deaf culture will be examined.

Student Learning Outcomes

Upon completing this course with a grade of C or better, you will be able to:

- 1) Differentiate between basic similar signs.
- 2) Recognize basic differences between simple ASL and English sentence structures.
- 3) Identify basic differences between Deaf and Hearing cultures.

Course Objectives

Upon satisfactory completion of the course, students will be able to:

- 1. Demonstrate how to sign numbers zero to one hundred using the cardinal and ordinal numbering systems correctly.
- 2. Express and receive fingerspelled words at basic skill level.
- Recall and produce basic sign vocabulary, approximately 25 30 signs per week, being able to distinguish between signs that are produced similarly.
- 4. Recognize and produce specific grammatical structures, including personal and possessive pronouns, directional verbs and noun-verb pairs.
- 5. Express a basic knowledge of American Sign Language syntax.
- 6. Sign presentations, following the criteria and topics indicated by the instructor.
- 7. Participate in in class signing activities including physical and emotional descriptions, discussing daily routines, and requesting in ASL.
- 8. Demonstrate a basic use of simple classifiers.
- 9. Sign using the correct facial grammar and syntax for forming questions in ASL.
- 10. Discuss basic Deaf culture issues including: differences between Deaf and Hearing cultures; how to navigate a signing environment; appropriate greetings and attention getting behaviors.

Course Requirements and Instructional Methods

Teaching Strategy:

The instructor will generally be teaching with a voice off approach. This will increase your receptive comprehension. You will be participating in a variety of class exercises designed to increase both your receptive and expressive skills. Please arrive to class on time, ready to start signing. We will be introducing new vocabulary weekly, and then applying it through a variety of exercises. You MUST practice outside of class. We will also be learning new grammatical structures weekly as we go through the chapters of the book. You will be asked to prepare some ASL assignments outside of class; you will be given clear instructions to follow to produce successful assignments. You may have to sign individually to your instructor, or in small groups, or in front of the class. We will have lab in class weekly, with a complete voice off period. During lab, you will be given specific exercises to focus on to improve your signing skills. We will also have presentations this semester.

Course Grading Based on Course Objectives

Grading will be based on a standard distribution (i.e., 90-100% = A, 80-89.9% = B). There will be 1,000 points possible during the course. No extra credit will be given.

Participation 150 (includes participation, no voice, following class rules)

Homework 125 (includes written and signed homework)

Labs 50 (voice off practice on Thursdays)

Exams 300 Quizzes 150 Paper 50

Presentations 50 (2 @ 25 points each)
Section finals 75 (3 @ 25 points each)

Interactive final 50 (signing one on one with the instructor)

TOTAL 1,000

Attendance

• A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog for details.

- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

- <u>Electronic Devices:</u> Cell phones and electronic devices must be turned off and put away during class unless otherwise directed by the instructor.
- <u>Food and Drink</u> are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed.
- <u>Disruptive Students:</u> Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- <u>Children in the classroom:</u> Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Academic Honesty

- <u>Plagiarism</u> is to take and present as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly 'cite a source', you must ask for help.
- <u>Cheating</u> is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials, or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment, (e) use of a commercial term paper service
