Course Requirements and Instructional Methods

1- Textbook- please bring your textbook to the second class meeting. No Photocopies!

2. Class Homework- I will assign homework every class. If you are absent, it is your responsibility to find out what the homework was. Being absent is not an excuse not to have homework. You also need to provide the homework the next class after your absence. If you do not have your homework, you will receive a 0. **On-Line Work:** Much of your homework will take place online. You **MUST**, therefore, purchase and use the online part of this class. Please note that online access for this class is available for one year. However, it can only be used by **ONE** person. You cannot share or sell your code. The program that the class uses is web-based. This means that you can access it from anywhere that you can access the internet. You are expected to have your books and be registered online by the 2nd week of instruction. Online work will be assigned on a weekly basis and must be completed by the time stated by your instructor. Late assignments will **NOT** be accepted. This means that you can't wait until the end of the term to try to complete your work. If you have questions about the information covered online, you will need to bring these questions with you to class as we will not typically go over exercises that you complete online.

3. Vocabulary Work: Every chapter has vocabulary that you will be responsible for learning. Every week you will be responsible for completing 2 exercises and a quiz on blackboard for that week's vocabulary.

4. Extensive reading- You will be responsible for reading books outside of class. You can find books at the IVC library or the public library and the book selection is your choice. You will complete a book

response form which will be turned in as well as give a weekly book presentation in small groups at the beginning of class each week.

5. Quizzes and Tests- We will have open book quizzes as we progress through the chapter and a closed book test at the end of each chapter. If you are absent during the quiz, you have one week to make up the quiz. The quiz will be available at the Learning Center in the library. You need to go and make an appointment to take the quiz with the Learning Center. You have until the start of the next class to take the quiz.

6. Final Exam- The final exam will be given on the final class meeting and the final will be conducted in the same classroom where the class meets during the semester. There are no make-ups for the final. If you cannot attend you must make arrangement with the teacher. If you do not show up or make other arrangements, your final score will be a 0.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

The teacher expects students will... • contribute fully in individual and group work; • speak English only in the classroom; • be prepared for class by completing all homework assignments; • ask questions, ask questions, ask questions!!!!

Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary

action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.
