Thought Papers: (2 x 50 pts)

There will be a total of two thought papers throughout the semester. This is a 2 page paper based on the readings and class material. Thought papers should address an interesting idea regarding a learned behavior from the text and/or class discussion. The idea you choose to write about should be compared to an article, movie, song **or** television show from your point of view to measure how they correlate. Please do not provide a review of the assigned reading but your own thoughts regarding the topic of choice. The main focus of this assignment is for you to think critically about psychology and to begin exploring your own ideas.
