Basic Course Information

Semester	Spring 2019	Instructor Name	Victor M. Figueroa
Course Title & #	Generation Mechanic V	Email	vmfigueroa@iid.com
CRN#	21251	Webpage (optional)	
Room	ECGS Engineering Trailer	Office	Part-Timers: Room 809
Class Dates	2/11/2019 – 6/7/2019	Office Hours	n/a for part-time faculty
Class Days	Tuesday	Office Phone #	Part-time faculty may use dept.
			secretary phone number.
Class Times	4:00pm – 8:30pm	Office contact if	Department Secretary is an
		student will be out	option
Units	4	or emergency	

Course Description

An introduction to Generation Mechanic technology. Development of skills in drawings, sketching, measurements and shaft repair. And introduction to the principles of mechanical power transmission.

Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge and/or attitudes as demonstrated by being able to:

- 1. Read blue print drawings
- 2. Take measurements
- 3. Use mechanic tools properly
- 4. Understand principles of Hydro Electricity

Course Objectives

Give students a better understanding of blue print drawings by learning how to read them and an understanding of the hydraulic system and its purpose at the Hydro Plants.

Textbooks & Other Resources or Links

Millwrights and Mechanics Guide (5th Edition)

Thomas Bieber and Carl A. Nelson (Audel Books 2004)

ISBN: 978-0-7645-4171-1

Course Requirements and Instructional Methods

Assignments are designed to elicit your demonstration of critical thinking, understanding and application of the course concepts, and your proficiency in the subject matter.

Required Activities or Assignments

- 1. Homework
- 2. Field Trips
- 3. Exams

<u>Teaching Methods:</u> During this class you will have the opportunity to participate in a variety of presentations and teaching methods. Lectures, including material not covered in your readings, class and group discussions requiring your active participation, student oral presentations, field trips will supplement your required readings.

<u>Out of Class Assignments</u>: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time <u>and</u> two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

Course Grading Based on Course Objectives

Grading Criteria: Letter Grade only

Grading Policy: The students grade will depend on the following areas:

Attendance 31% = 80 Points (5 points per class session)

Homework 20% = 50 Points (10 points per homework assignment)

Field Trip 15% = 40 Points (20 points per field trip) Mid-Term Exam 14% = 35 Points (1 point per question) Final Exam 20% = 50 Points (1 point per question)

The course grade is based on total points accumulated during the semester. There is a maximum of 255 points. Final Grades are calculated as follows:

Percentage	Grade
90 – 100%	A
80 – 89%	В
70 – 79%	С
60 – 69%	D
Below 60%	F

Points	Grade
230 - 255	A
204 - 229	В
178 - 203	С
152 - 177	D
0 – 151	F

Attendance is mandatory for the duration of every class session. If for some reason you miss a class due to illness, shift work, or unforeseen reasons, you need to call me and let me know ahead of time so I can set up a make-up class and give you the homework assignment. Anyone cutting out of class early or failing to call and absence will not be credited for that class session.

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of
 an online class will be dropped by the instructor as of the first official meeting of that class. Should
 readmission be desired, the student's status will be the same as that of any other student who desires to add
 a class. It is the student's responsibility to drop or officially withdraw from the class. See General Catalog
 for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused
 absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online
 courses, students who fail to complete required activities for two consecutive weeks may be considered to
 have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

• <u>Electronic Devices:</u> Cell phones and electronic devices must be turned off and put away during class unless otherwise directed by the instructor.

- <u>Food and Drink</u> are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed.
- <u>Disruptive Students:</u> Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the General Catalog.
- <u>Children in the classroom:</u> Due to college rules and state laws, no one who is not enrolled in the class may attend, including children.

Academic Honesty

- <u>Plagiarism</u> is to take and present as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to correctly 'cite a source', you must ask for help.
- <u>Cheating</u> is defined as fraud, deceit, or dishonesty in an academic assignment or using or attempting to use materials, or assisting others in using materials, or assisting others in using materials, which are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the General School Catalog for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment, (e) use of a commercial term paper service

Additional Help - Discretionary Section and Language

- You are allowed to ask any Journeyman Mechanic questions pertaining to your homework, drawings or procedures which may be discussed in class.
- <u>Library Services:</u> All technical manuals pertaining to the equipment covered in class can be found in the Maintenance Building.

Disabled Student Programs and Services (DSPS)

Any student with a documented disability who may need educational accommodations should notify the instructor or the Disabled Student Programs and Services (DSP&S) office as soon as possible. The DSP&S office is located in Building 2100, telephone 760-355-6313 if you feel you need to be evaluated for educational accommodations.

Student Counseling and Health Services

Refer to IID Policy and Procedure

Student Rights and Responsibilities

Students have the right to experience a positive learning environment and due process.

Anticipated Class Schedule / Calendar

Below is a list of weekly activities and assignments that will assist you in meeting the course objectives and the Student Learning Outcomes. Please review carefully and often as the list may include reading assignments, exams, field trips, projects, presentations, etc.

Date or Week	Activity, Assignment, and/or Topic	Pages/ Due Dates/Tests
Week 1	Class Introduction	Class Participation
February 11	Safety and OSHA	
Week 2	Lockout/Tagout	Class Participation
February 19	Power Plant Safety Procedures	
Week 3	Confined Spaces	Class Participation
February 26	Air Monitors	
Week 4	Personal Protective Equipment	Class Participation
March 5	Safety Data Sheets	
Week 5	Basic Tool Box	Class Participation
March 12	Portable and Stationary Tools	
Week 6	Measuring Tools	Class Participation
March 19		
Week 7	Class Review prior to Mid-Term Exam	Class Participation
March 26		
Week 8	Mid-Term Exam	Exam
April 2		
Week 9	Screw Threads	Class Participation
April 9	Mechanical Fasteners	_
Week 10	Drawings	Class Participation
April 16	Sketching	
Week 11	Blueprints	Class Participation
April 30		
Week 12	Generators	Class Participation
May 7	Turbines	
Week 13	Hydro Electric Power	Class Participation
May 14		
Week 14	Field Trip to Hydros	Field Trip
May 21		
Week 15	Class review for Final Exam	Class Participation
May 28		
Week 16	Final Exam	Exam
June 4
