Course Grading Based on Course Objectives

- **Essays**: Students should expect to write an essay during each class session. Some of the essays will be on demand timed writings and others will require the use of sources. On planned essays, students will be provided with the prompt/ topic one week in advance and will be allowed to use notes or a “cheat sheet” for the writing, which will take place in class. Additionally, all planned essays will require the creation of a works cited page that must be submitted upon completion of the writing. Students will use sources ranging from 5 to 10 sources for each writing; the instructor will state the number of sources. There will be one major project due at the end of the semester and the instructor will provide detailed instructions and topics for this assignment. All of your use of sources must be formatted and documented according to MLA guidelines. All essays are worth 100 points and scored on a rubric.
- **Quizzes**: There will be frequent, unannounced quizzes throughout the semester. These will assess your understanding of any assigned readings. Quizzes may range from 10 to 50 points.

- **Final Essay:** The final will consist of an essay focusing on a topic that will be announced later. Research will be required for this exam. This project is worth 250 points.
- **Participation:** Students are expected to complete 100% of the assignments for this course. No assignment is optional. Independent practice will be assigned during each meeting, in addition to weekly journals, which will range from 2 to 4 journals. Independent practice is due at the beginning of each meeting. Failure to complete any part of any Independent practice assignment will result in a 20 point deduction of participation points. All students begin the semester with 200 participation points. Take note that ALL parts of the independent practice must be completed in order to avoid a deduction of those points.
- **Progress:** Students are responsible for keeping track of their progress and points/ grade for the course.

Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

Classroom Etiquette

- **Electronic Devices:** Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- **Food and Drink** are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- **Disruptive Students:** Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- **Children in the classroom:** Due to college rules and state laws, only students enrolled in the class may attend; children are not allowed.

Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

Student Equity Program

- The Student Equity Program strives to improve Imperial Valley College’s success outcomes, particularly for students who have been historically underrepresented and underserved. The college identifies strategies to monitor and address equity issues, making efforts to mitigate any disproportionate impact on student success and achievement. Our institutional data provides insight surrounding student populations who historically, are not fully represented. Student Equity addresses disparities and/or disproportionate impact in student success across disaggregated student equity groups including gender, ethnicity, disability status, financial need, Veterans, foster youth, homelessness, and formerly incarcerated students. The Student Equity Program provides direct supportive services to empower students experiencing insecurities related to food, housing, transportation, textbooks, and shower access. We recognize that students who struggle meeting their basic needs are also at an academic and economic disadvantage, creating barriers to academic success and wellness. We strive to remove barriers that affect IVC students’ access to education, degree and certificate completion, successful completion of developmental math and English courses, and the ability to transfer to a university. Contact: 760.355.5736 or 760.355.5733 Building 100.
- The Student Equity Program also houses IVC’s Homeless Liaison, who provides direct services, campus, and community referrals to students experiencing homelessness as defined by the McKinney-Vento Act. Contact: 760.355.5736 Building 100.
