### Course Description

This lab class offers intensive instruction in writing, research, reading, and critical thinking skills to promote success in a concurrent English 110 course. This course allows a qualified student to bypass English 009. This course follows the freshman composition co-requisite model of acceleration.

English 55 is paired with English 110, a lab support course. English 55 is designed to assist students in completing their homework assignments and essay assignments for English 110. Enrolling in English 110 with the support course English 55 allows students to bypass English 009. However, students who have qualified for English 110, but feel they could use more support in English composition, will also benefit from taking the paired courses. Both courses are graded separately. English 110 follows the traditional grading scale and English 55 is pass/no-pass.

### Course Objectives

Upon satisfactory completion of the course, students will be able to:

1. Critically read, analyze, and evaluate a variety of primarily non-fiction texts for content and context.
2. Utilize appropriate pre- and post-reading strategies to analyze patterns of organization within a variety of texts.
3. Write grammatically correct sentences that adhere to conventions of written English.
4. Integrate the ideas of others through paraphrasing, summarizing, and quoting utilizing appropriate MLA format and guidelines.
5. Compose an essay with an introduction, body, and conclusion, which includes organizing an essay around a controlling idea and developing main idea paragraphs with effective use of supporting details.

### Student Learning Outcomes

Upon course completion, the successful student will have acquired new skills, knowledge, and or attitudes as demonstrated by being able to:

1. Students will be able to write an expository essay that demonstrates beginning competence in both form and content. The essay will 1) address the writing task 2) be organized 3) use details and examples to support the thesis and 4) demonstrate facility with grammar and syntax. The essay will be supported by the lab work and written according to the guidelines set in the co-requisite English 110 course.

### Textbooks & Other Resources or Links

No additional books are required for the lab section of English 110.

### Course Requirements and Instructional Methods

Lab Activity- The course is a lab component for some English 110 classes. As such, the primary instructional activities in the class will be geared toward improving and enhancing the students' understanding of the course material and assisting in the essay development process. Two (2) hours of independent work done out of class per each hour of lecture or class work, or 3 hours lab, practicum, or the equivalent per unit is expected.

Out of Class Assignments: The Department of Education policy states that one (1) credit hour is the amount of student work that reasonably approximates not less than one hour of class time and two (2) hours of out-of-class time per week over the span of a semester. WASC has adopted a similar requirement.

### Course Grading Based on Course Objectives

Grading Scale This course uses the Pass/Not Pass scale. Students must pass 70% of the lab assignments to pass the course. 0-69 % = Did not pass 70% or higher = pass. Lab assignments vary in requirements. Some assignments must be uploaded to Canvas while others will require handwritten work. The assignment will be graded pass/not pass. These assignments must be completed during lab. If a student is absent the day of the lab, the assignment will be graded as not passing. Additionally, students will create a writing portfolio that will be graded pass/not pass.

Lab Assignments (28 total)	25 points each (28x25=700)
Student portfolio	300
Total	1000

Lab Assignments Uploaded to Canvas During Lab 28 X 25 700  
Student Portfolio 300  
Total Points 1000

## Attendance

- A student who fails to attend the first meeting of a class or does not complete the first mandatory activity of an online class will be dropped by the instructor as of the first official meeting of that class. Should readmission be desired, the student's status will be the same as that of any other student who desires to add a class. It is the student's responsibility to drop or officially withdraw from the class. See [General Catalog](#) for details.
- Regular attendance in all classes is expected of all students. A student whose continuous, unexcused absences exceed the number of hours the class is scheduled to meet per week may be dropped. For online courses, students who fail to complete required activities for two consecutive weeks may be considered to have excessive absences and may be dropped.
- Absences attributed to the representation of the college at officially approved events (conferences, contests, and field trips) will be counted as 'excused' absences.

## Classroom Etiquette

- Electronic Devices: Cell phones and electronic devices must be turned off and put away during class, unless otherwise directed by the instructor.
- Food and Drink are prohibited in all classrooms. Water bottles with lids/caps are the only exception. Additional restrictions will apply in labs. Please comply as directed by the instructor.
- Disruptive Students: Students who disrupt or interfere with a class may be sent out of the room and told to meet with the Campus Disciplinary Officer before returning to continue with coursework. Disciplinary procedures will be followed as outlined in the [General Catalog](#).
- Children in the classroom: Due to college rules and state laws, only students enrolled in the class may attend; children are not allowed.

## Online Netiquette

- What is netiquette? Netiquette is internet manners, online etiquette, and digital etiquette all rolled into one word. Basically, netiquette is a set of rules for behaving properly online.
- Students are to comply with the following rules of netiquette: (1) identify yourself, (2) include a subject line, (3) avoid sarcasm, (4) respect others' opinions and privacy, (5) acknowledge and return messages promptly, (6) copy with caution, (7) do not spam or junk mail, (8) be concise, (9) use appropriate language, (10) use appropriate emoticons (emotional icons) to help convey meaning, and (11) use appropriate intensifiers to help convey meaning [do not use ALL CAPS or multiple exclamation marks (!!!!)].

## Academic Honesty

Academic honesty in the advancement of knowledge requires that all students and instructors respect the integrity of one another's work and recognize the important of acknowledging and safeguarding intellectual property.

There are many different forms of academic dishonesty. The following kinds of honesty violations and their definitions are not meant to be exhaustive. Rather, they are intended to serve as examples of unacceptable academic conduct.

- Plagiarism is taking and presenting as one's own the writings or ideas of others, without citing the source. You should understand the concept of plagiarism and keep it in mind when taking exams and preparing written materials. If you do not understand how to "cite a source" correctly, you must ask for help.
- Cheating is defined as fraud, deceit, or dishonesty in an academic assignment, or using or attempting to use materials, or assisting others in using materials that are prohibited or inappropriate in the context of the academic assignment in question.

Anyone caught cheating or plagiarizing will receive a zero (0) on the exam or assignment, and the instructor may report the incident to the Campus Disciplinary Officer, who may place related documentation in a file. Repeated acts of cheating may result in an F in the course and/or disciplinary action. Please refer to the [General Catalog](#) for more information on academic dishonesty or other misconduct. Acts of cheating include, but are not limited to, the following: (a) plagiarism; (b) copying or attempting to copy from others during an examination or on an assignment; (c) communicating test information with another person during an examination; (d) allowing others to do an assignment or portion of an assignment; (e) using a commercial term paper service.

- The Student Equity Program strives to improve Imperial Valley College's success outcomes, particularly for students who have been historically underrepresented and underserved. The college identifies strategies to monitor and address equity issues, making efforts to mitigate any disproportionate impact on student success and achievement. Our institutional data provides

insight surrounding student populations who historically, are not fully represented. Student Equity addresses disparities and/or disproportionate impact in student success across disaggregated student equity groups including gender, ethnicity, disability status, financial need, Veterans, foster youth, homelessness, and formerly incarcerated students. The Student Equity Program provides direct supportive services to empower students experiencing insecurities related to food, housing, transportation, textbooks, and shower access. We recognize that students who struggle meeting their basic needs are also at an academic and economic disadvantage, creating barriers to academic success and wellness. We strive to remove barriers that affect IVC students' access to education, degree and certificate completion, successful completion of developmental math and English courses, and the ability to transfer to a university. Contact: 760.355.5736 or 760.355.5733 Building 100.
